## READ ABOUT HOME DOINGS.

Scrantonians who intend to leave the city for their annual vacations this summer should not lose track of what is going on at home. The readers of The Tribune can have their paper changed to their new addresses without extra charge and will receive it promptly and regularly by mail, if they will drop a postal to The Tribune office giving both the old and new addresses. If you do not take The Tribune have it sent to you while away from home. It will cost only 12 cents a week or 50 cents a month. In this way you can keep posted about your friends.

## SUMMER PLEASURE RESORTS.

The Lackawanna Railroad company has secured control of Cranberry lake and the surrounding grounds for a pleasure resort, and are now booking excursions out of New York and New Jersey. The lake is located in the hills of Sussex county, New Jersey, a thousand feet above the level of the sea. It is two and one-half miles long, a mile wide, and covers an area of 154 acres. The resort is fifty miles from New York.  
The New York, Ontario and Western Railway company has just issued its annual booklet called "A Summer's Vacation in the Highlands of Wayne and Delaware Counties," which gives the pleasure-seeker a splendid idea of the numerous attractive resorts along the line of the Ontario and Western. Illustrations of different scenes on the Scranton division are presented in an ideal way, including Rock Lake, Foyntelle, Winwood, Preston Park, Hancock, and other places.

## ANOTHER CALL FROM MINERS

MORE MEN ARE ORDERED TO QUIT THEIR JOBS.

Firebosses, Watchmen and All Others, Except the Chief Barn Bosses, Are Called Upon to Join the Ranks of the Strikers—District President Nicholls States That the Situation Is Encouraging from the Miners' Side—Companies Claim That Strikers Ask Reinstatement.

Pursuant to a decision reached at a conference in Wilkes-Barre Thursday last, between President Mitchell and the district presidents of the United Mine Workers and their own, has been issued by the district officers:

Scranton, Pa., June 16, 1902.  
Notices to United Mine Workers of District No. 1.

Greeting: Appeals having been made by a large number of our locals to call out the watchmen and other mine workers from around the collieries, and having learned that watchmen, fire bosses and driver bosses and other workmen are required to do other work and their own, therefore, we request all watchmen, fire bosses, driver bosses and all other workmen employed in and around the mines to quit their work and join in our demand for an eight-hour day, and not return until a general settlement has been effected.

The press statements indicate that the operators, prominently the great American, and, knowing what unconditional surrender and unconditional employment has meant in the past, we dare not surrender, and we have determined we will not. We, therefore, earnestly request the support of all who are employed at the collieries, and ask them to join in our movement.

The regular barn boss at each colliery will be allowed to remain at work, provided he is given an eight-hour day.  
Fraternalty yours,  
J. T. Nicholls, President.  
J. T. Dempsey, Secretary.

President Nicholls also made the following statement:

NICHOLLS' STATEMENT.  
All the news we receive is very encouraging. I feel confident of ultimate victory. Our demands have been recognized as being right and just; we have courted the fullest investigation and are willing to abide by the result of such an investigation. The great American company public is with us. The operators refuse to allow intervention of the public, which is suffering, and claim, practically, that the public is the enemy. The public, as a natural result, is therefore against the operators. Being first right, and having the public with us, we can win the right with might, and must succeed.

Superintendent Phillips, of the Delaware, Lackawanna and Western company, stated yesterday that seventeen of the engineers, firemen and pumpmen who had quit at the Avondale and Jersey mines, returned to work yesterday, and that others are to return this week. Superintendent Rose, of the Delaware and Hudson, reported that ten of the firemen and pump runners who went on strike were back at work yesterday morning.

Both superintendents report that during the past four or five days they have had numerous applications from miners and laborers who want to go back to work. Most of them, they say, are non-eight-hour men. They have heard of the declaration of the operators that the forces at the mines are to be reduced one-third after the strike, and fearing that the English speaking miners will be preferred before them, are trying to get back to work. Seventeen such applications were received at the Delaware, Lackawanna and Western offices yesterday. They were uniformly told that there was no work for them yet, but that after a short time, places will be opened up to accommodate them.

Francis W. Palmer, of Priceburg, was yesterday arrested at the instance of Robert Colburn, a Delaware, Lackawanna and Western fireman, who accused him of calling him "Colburn" "scab," while on his way to work, and of attempting to have his milkman refuse to sell him milk.  
Palmer professed to be exceedingly sorry, when arraigned before Magistrate Miller, and apologized to Colburn. The company's attorney, who appeared for Colburn, said that the company had no desire to send men to jail for this offense, but that it has determined to protect its employees from molestation and insult. The case against Palmer was withdrawn and he paid the costs, amounting to \$8.30.

## ROBINSON RECOVERING.

Charles Robinson, the Delaware and Hudson watchman who was mysteriously shot at Olyphant during Saturday night, was able to sit up yesterday, and the doctors at the hospital expect he will pull through all right. How he received his wound still remains unexplained. All the rumors is that he felt a stinging sensation in his right breast and then became unconscious. He says he heard no shot fired, or if he did he has forgotten it. He also declares that it was impossible for him to have shot himself accidentally, as his revolver was in his holster, with the barrel pointing downward. The most reasonable theory is that he was shot by some one at a distance. Whether or not the shot was fired by a fellow miner or some one else is yet to be disclosed.

Towards midnight Sunday night the residents of the Italian colony at Lackawanna began shooting revolvers probably to terrify the watchmen at the William A. colliery. Report had it that a battle was on between the watchmen and the strikers, but inquiry at the colliery failed to unearth any fighting. The men at the colliery heard shooting but it was at a distance and they supposed it was the people of the colony fighting among themselves.

An effigy, hanging from a pole at Dunmore corners, was cut down yesterday afternoon by Sheriff Schadt and Deputy Sheriff Gaffney. They were accompanied by the men of the police patrol wagon, driven by Mounted Officer Perry. Deputy Sheriff Gaffney reached the effigy by means of a ladder and with pinchers cut the wire by which it was suspended, allowing it to fall to the ground. It was loaded into the patrol wagon, taken to the county jail and consigned to the furnace.

All of the twelve Keyser Valley strikers, against whom slander suits were brought last Friday by Otto and Christian Skellenger and John Morgans, for hanging them in effigy, have been brought in by Sheriff Schadt and held to bail for their appearance at court. Each was required to furnish bail in the sum of \$1,000.

## ENCAMPMENT AT LODORE

First Regiment of Lancers of C. T. A. U. Will Be There from July 18 to 26.

The total enlistment of men for the First Regiment of Lancers of the Catholic Total Abstinence Union of America is 450 men, distributed among the eight companies, which have been fully organized and equipped for the first annual encampment, which will be held at Lake Lodore, July 18-26. A contract has been made with Rowley's band, of Wilkes-Barre, for the services of twenty-two men during the encampment, and Caterer J. E. Fadden, of Olyphant, will furnish the food supply during the week. The Catholic Choral union, of this city, under the direction of John T. Watkins, will sing at the military mass on Sunday, July 20. Excursions will be run on Sunday, July 20, and Thursday, July 24, from Wilkes-Barre, Scranton and Carbondale, and the promoters anticipate that upwards of 15,000 people will visit the encampment during the week. The military mass will be said at 11 o'clock, possibly by Rev. J. V. Moylan, chaplain of the regiment, and the Choral union will be accompanied in their renditions by Rowley's orchestra. A sacred concert will also be given in the afternoon, and a dress parade in the early evening.

## PERSONAL.

Francis Gurrell, of Ninth street, is spending a few days at Pleasant Mount.  
Chester Hughes, of North Sumner avenue, has returned home from Keystone academy.  
Mr. and Mrs. Nicholas Bush, of Washington street, will spend the summer at Stroudsburg.  
Mrs. John Price, of North Hyde Park avenue, is home from a visit with friends at Wyoming.

## SEAMAN'S IS SECRETARY

Elected by the Board of Trade as the Successor of Dolph B. Atherton.

At yesterday's noon meeting of the board of trade, C. S. Seamans was elected secretary to succeed Dolph B. Atherton, who resigned to accept a position with the Title Guaranty and Trust company.  
The selection of Mr. Seamans was recommended by the manufacturers committee, to which the matter had been referred. Three others were nominated—L. T. Mattes, Howard Davis and L. K. Torbet. The vote was: Seamans, 47; Mattes, 19; Davis, 1 and Torbet, 1. The new secretary's salary was fixed at \$1,500. He is to enter upon his duties July 1.  
The matter of having the suburban boards of trade affiliate with the central board was brought up in a communication from H. G. Dunham. After a brief discussion, it was referred to the manufacturers' committee.  
An oil portrait of the last president of the board, J. A. Lansing, was formally presented to the board by President A. W. Dickson, with accompanying remarks commendatory of Mr. Lansing. It was received with a vote of thanks, and ordered hung in the assembly room with the portraits of the other past presidents. The portrait is by Raught and an excellent work.  
Acting Secretary John Quackenbush read a communication from Secretary George S. Briggs, of the National Hay association, inviting the board to send three delegates to the annual meeting of the association to be held at Putt-in-Bay, July 10, 11 and 12. The communication was simply ordered filed.  
Albert Rice was elected to membership, and an application was received from Louis H. Isaacs.  
President Dickson announced the death of John Jernym and made a brief eulogistic address in which he referred in glowing terms to his standing as a citizen and member of the board.  
On motion of Laurier Keller, the July and August meetings were dispensed with.  
The members were served with luncheon in the assembly rooms at the close of the meeting. While the lunch was in progress, Mr. Seamans, the new secretary, was introduced and gave expression to his thanks to the board for his election.

## TO THE MEMBERS OF THE CITIZEN'S ALLIANCE.

It having been brought to the attention of your Executive Committee that boycotting, threats and intimidation are being employed, not only in this city, but throughout the valley, you are hereby requested to make a written report of any and all such, that may be within your personal knowledge, and forward same to E. O. Box 228, whereupon the same will be laid before the council of the Alliance and such action taken as the facts may justify.  
By order of  
The Executive Committee.

## \$1,000.

A reward of one thousand dollars will be paid by the undersigned for the apprehension and conviction, or for the procurement of evidence sufficient for the conviction, of the person or persons who shot Charles Robinson, an employe of this company, at Olyphant during the night of Saturday, June 14, 1902. The Delaware and Hudson company.

There were many changes in The Tribune's Educational Contest yesterday. Eight contestants advanced their standing, and four contestants made their first returns. The new contestants are both located outside the city and made excellent starts in the table. Hendrick Adams, of Chinchilla, brought in eighteen points and appears in twenty-fourth place this morning. There are now four contestants tied with eighteen points each, and if Mr. Adams had brought in just one more point he would have had a clear title to twenty-first position. Miss Jane Matthewson, of Factoryville, is the other new contestant, and she made a good start also, taking thirtieth place.  
These two new contestants crowded two others out at the bottom of the table, Charles O'Boyle, of Scranton, and Miss Nellie Avery, of Forest City, Louis Gere, of Brooklyn, would have been crowded out, but he sent in six points and advanced from thirty-second to twenty-ninth place. There are now forty-one contestants who have made returns, and those who are below thirty-third place should make an effort to get within the limits of the table. There are thirty-three scholarships offered and those who are within the table at the close will each get one; it will take but a few points for some of those who have dropped below the line to get back into place. A contestant requires but eight points this morning to get within the limit. Of course those who fall below this at the close will receive the ten per cent, as The Tribune agreed at the opening of the contest, but it will be made an effort to receive one of the valuable scholarships which are offered.

The biggest return made yesterday was by Charles Burns, of Vandling, who sent in twenty-one points and secured increased standing over Mr. Kellerman, who brought in thirteen. In the middle of the table there was considerable changing about. The tie which existed yesterday morning for eleventh place was broken by L. E. Stanton, who advanced from twelfth to tenth place. Homer Kresge advanced from thirteenth to twelfth, while Harry Madden and J. A. Havenstrite were compelled to drop back. The two new contestants mentioned above made sev-

## PAINE'S Celery Compound

Has Proved a Blessing to All Ranks and Conditions of People in Summer.

A Prominent and Popular Chicago Lady Restored to Health.

The success of Paine's Celery Compound in banishing the ill and diseases that follow people into the summer time, has not been confined to any particular class of society. Men esteemed in business and professional life, mechanics, farmers, women leaders in society, and the wives and mothers of humble homes, have all by voice and pen, contributed strong testimony in favor of the medicine that restored them to health and strength.

When Paine's Celery Compound is used there is no more nervousness, rheumatism, dyspepsia, stomach derangements, liver or kidney troubles. The blood once foul and stagnant, is made fresh and pure, and courses with a regularity that brings vigor and happiness. The use of one bottle is often sufficient to establish a health robust enough to combat the dangers and perils that are common in hot weather. Mrs. A. T. Lermond, Chicago, Ill., Corresponding Secretary of the W. C. T. U., tells of her complete restoration to health through the use of Paine's Celery Compound. The great medicine was prescribed by one of Chicago's ablest physicians, Mrs. Lermond says: "A few years ago I went through a surgical operation. After being in bed for four months I was able to be up, but was exceedingly weak and nervous, and unable to sleep or eat. My physician prescribed Paine's Celery Compound, and I at once began to feel stronger. After using a few bottles my health and strength were completely restored, and I am glad to give this testimonial in its favor."

oral of those in the lower part of the table drop back one and two places. Miss Vivian Mike added to her score yesterday and came very near getting within the limits of the table; she is now but one point below the line. In the table showing the leading contestants for June there were also some changes. Herbert Thompson and Maxwell Shepherd, the two Carbondale boys, changed places, and Charles Burns, who won the gold watch in May, made his first appearance within the leading six. This crowd out Albert Freedman, who is but seven points below the line. There are only two prizes offered for the largest number of points scored during the month of June, but the first half dozen contestants are shown each morning so that it can be readily seen how far away the nearest competitors are.
